

## **Bio4Business, a scouting and rating agency**

Bio4Business is a Service Provider focused on three areas:

- biocatalysis/agroindustrialbiotechnology
- DNAbased diagnostics/analytical biotechnology
- food biotechnology

Its business philosophy is based on privileged partnerships, with only one partner for each area of business. Its regional focus is on Japan, Germany and France.

Bio4Business provides various services to its partners, with particular emphasis on the identification and evaluation of emerging new technologies, earlyphase biotechnology products and bioservices.

Within its areas of expertise, Bio4Business is a competent and reliable partner in scouting, technology licensing, marketing and sales agreements, and in mergers and acquisitions.

Bio4Business is located in Stuttgart, Germany. Partnerships have been established in France and Japan.

Bio4Business is a member of VBU, the German Association of Biotech Industries, Frankfurt/M.
